

# HORIZONTAL ASME AIR RECEIVERS

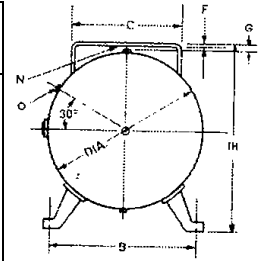

## FEATURES

- Built to ASME code, national board registered
- All openings are NPT threaded
- Standard design temperature is 450°F
- Standard outside finish is grey oxide primer
- High pressure tanks are available to 600 psi

# TOTALLY ENCLOSED BELTGUARDS

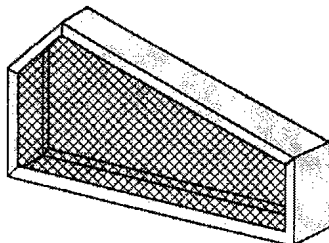

Heavy duty, all-steel beltguards. These guards come with fully-expanded metal on both sides so you can cut your own shaft slots to fit the particular compressor you are installing the guard on. These guards have a separate bottom that is bolted to the tank with two angle brackets then guard slips down over drive. Comes with a set of general purpose brackets to fit most compressors.

BG10, BG50

BG20
